Planning Services (Salby Area)

Dear Martin Grainger.

About the building of an extension at 49. Fairfax Avenue, Salby.

Ref No. ZG2025/0535/MEN.

I have no objections with the extension itself, but I do have concerns with the parking of vehicles and building materials blocking drives and footpaths, as most of the residents in the cul-de-sac are elderly and have cars and family calling every day, the driveways are important to use as most days there is nowhere to park.

So if you could reassure us on this matter and how will it be controlled and by who.

Yours faithfully,

P Winduss
